Zakiryarov K.K.

Decision of the Academic Council,

№ 6 from «26» January 2024 y., 2 Revision

QUALITY ASSURANCE POLICY

Mission: “KazAST – 2044 Sports Harvard of Kazakhstan” is a higher education institution of a new generation - the best in the field of physical education, sports and tourism education.

Vision: The Kazakh Academy of Sports and Tourism is a recognized higher education institution both in Kazakhstan and abroad, specializing in multifaceted program approaches to training specialists in the field of physical culture, sports and tourism, ensuring a sustainable professional career.

Main directions of Quality Assurance Policy

- constant study of consumer requests, current analysis and forecasts of the qualifications market to adjust the structure and list of educational programs, current areas of scientific research;
- training of highly qualified specialists based on the integration of the science of teaching and learning in accordance with the development of modern technologies;
- development, modernization, digitalization of educational, research, sports and educational activities in the educational services market, updating educational programs taking into account international standards (ESG);
- formation of a civil and social position, harmonious development of spiritual and physical culture, patriotism of students through the activation of ideological, sports and educational work, a conscious and personal attitude towards education;
- expanding interaction with external stakeholders, partner universities and creating conditions for active participation in the development and implementation of educational programs, conducting scientific research, receiving feedback and

suggestions for improvement at all stages of the life cycle;

- ensuring an effective process for employing graduates, based on constant cooperation with employers;
- effective use of material, technical, informational and intellectual resources of the Academy providing the basic processes for the high-quality training of specialists in updated education and the effective use of the scientific and laboratory complex for conducting a wide range of fundamental, applied research and development, their scientific and expert support with the participation and guidance leading scientists from KazAST and abroad;
- constant improvement of the professional competence of scientific and pedagogical workers, improving their qualifications through the use of digital technologies and advanced teaching methods in the educational process;
- development of a quality assurance system for educational and scientific activities;
- improving the system of social support for youth representatives, scientists and specialists to create conditions for their professional and personal growth;
- development of an automated management system and expansion of the range of services based on modern information technologies and digital achievements, including the use of artificial intelligence;
- strengthening the Academy's infrastructure in compliance with all rules and regulations in the field of health and safety of students, staff and teaching staff in order to improve their social security;
- improvement of quality management through the introduction of a process approach with identification, analysis and assessment of risks when planning and monitoring the activities of the academy.

The management of KazAST assumes responsibility for the implementation of the Quality Assurance Policy, the Development Strategy of the Kazakh Academy of Sports and Tourism for 2023 - 2029 and International Standards (ESG).
